CONCURRENT MANUFACTURING SOLUTIONS ANNOUNCES LAUNCH OF NEW WEBSITE

Concurrent Manufacturing Solutions is pleased to announce the launch of their new website at www.concurrentmfg.com. The new website has been designed to provide a clean look, easy navigation and a user-friendly experience featuring improved navigation and functionality throughout. The new website will be expanded and enhanced throughout the second quarter of 2013, allowing customers to access detailed product information, technical specifications, updated capabilities and product images.

The website will include capabilities information to help customers understand Concurrent's complete range of contract manufacturing solutions, including backplane, cable and printed circuit board assembly, integration and boxbuild services, and sheet metal fabrication for the aerospace, automotive, commercial, communications, defense, and medical industries.

Created with the user experience firmly in mind, the new website uses the latest responsive web technologies, which makes the website more compatible with today's browsers and mobile devices - without the need for Adobe® Flash to view it.

In addition, the website will feature the latest news and updates on recent product developments, case studies, and product information useful to the industries served by the company. The new site will also feature a job listing section to keep the industry informed of the latest opportunities for employment at Concurrent Manufacturing Solutions.

Visit the new website at www.concurrentmfg.com. We look forward to hearing from you as we continue to enhance the site and update the industry about the latest developments at Concurrent Manufacturing Solutions.
